One of the most important periods in the life of an individual is the time he spends as a student. During this period his personality develops and takes shape determining to a great extent the course of his future.

This booklet brings together some selected passages from the writings of Sri Aurobindo and the Mother which we feel can be of great help to a student in organising most of the important aspects of his study and life.

The passages from Sri Aurobindo are in the original English; most of the passages from the Mother (selections from her talks and writings) are translations from the original French.

Every compilation in its very nature is likely to have a personal and subjective approach, and though here a sincere attempt has been made to be faithful to the vision of Sri Aurobindo and the Mother, the compiler accepts his responsibility.

We hope that this booklet will help its readers to become conscious of their aim in life and the work they have to do and will inspire them to prepare themselves for it and to strive towards an ever greater perfection.

“O TRUTH, COME, MANIFEST.”
